Verse 1

When we are broken
Like a haunted, weary land,
And darkness has fallen,
Then You take us in Your hands.
Left on our own
We would never find our way,
But even the darkness is light to You.

Chorus 1

Even the darkness is light to You.
You bring life from a silent tomb.
In the deep nighttime fog You're still Almighty God
Even the darkness is light to You.

Verse 2

When we are hiding
In the shame of our own sin,
Then You will find us
And claim us once again.
Left on our own
We would never find our way,
But even the darkness is light to You

Chorus 2

Even the darkness is light to You.
You bring life from a silent tomb.
In the deep nighttime fog You're still Almighty God
Even the darkness is li-----ght to You.
